This diagram illustrates the assembly of a vehicle instrument cluster. The main components shown in an exploded view include:

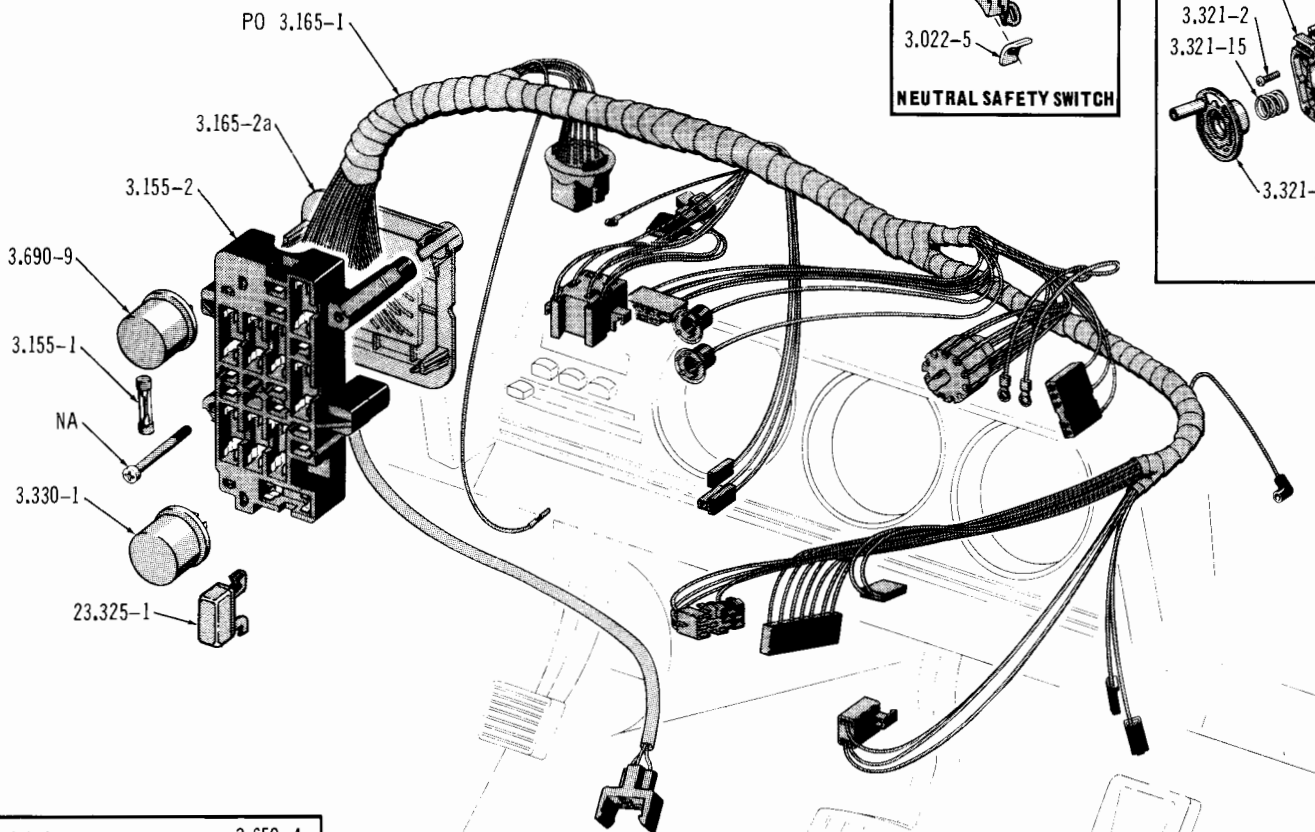

- Gauge Housing (3.510-1):** The main rectangular frame that holds the gauges.
- Bezel (3.510-2):** The decorative front plate with three large circular cutouts for the gauges.
- Gauges:** Three circular gauges are shown, including a speedometer (3.515-2) and two smaller gauges (3.515-4).
- Mounting Hardware:** Various screws (e.g., 3.515-1, 3.515-2, 3.515-4), nuts (e.g., 3.515-1a, 3.515-2a), and washers (e.g., 3.515-3, 3.515-4a) are shown for assembly.
- Internal Components:** The diagram also shows the internal wiring harness (3.510-1a) and other mechanical parts like the gauge movement (3.515-1) and needle (3.515-2).

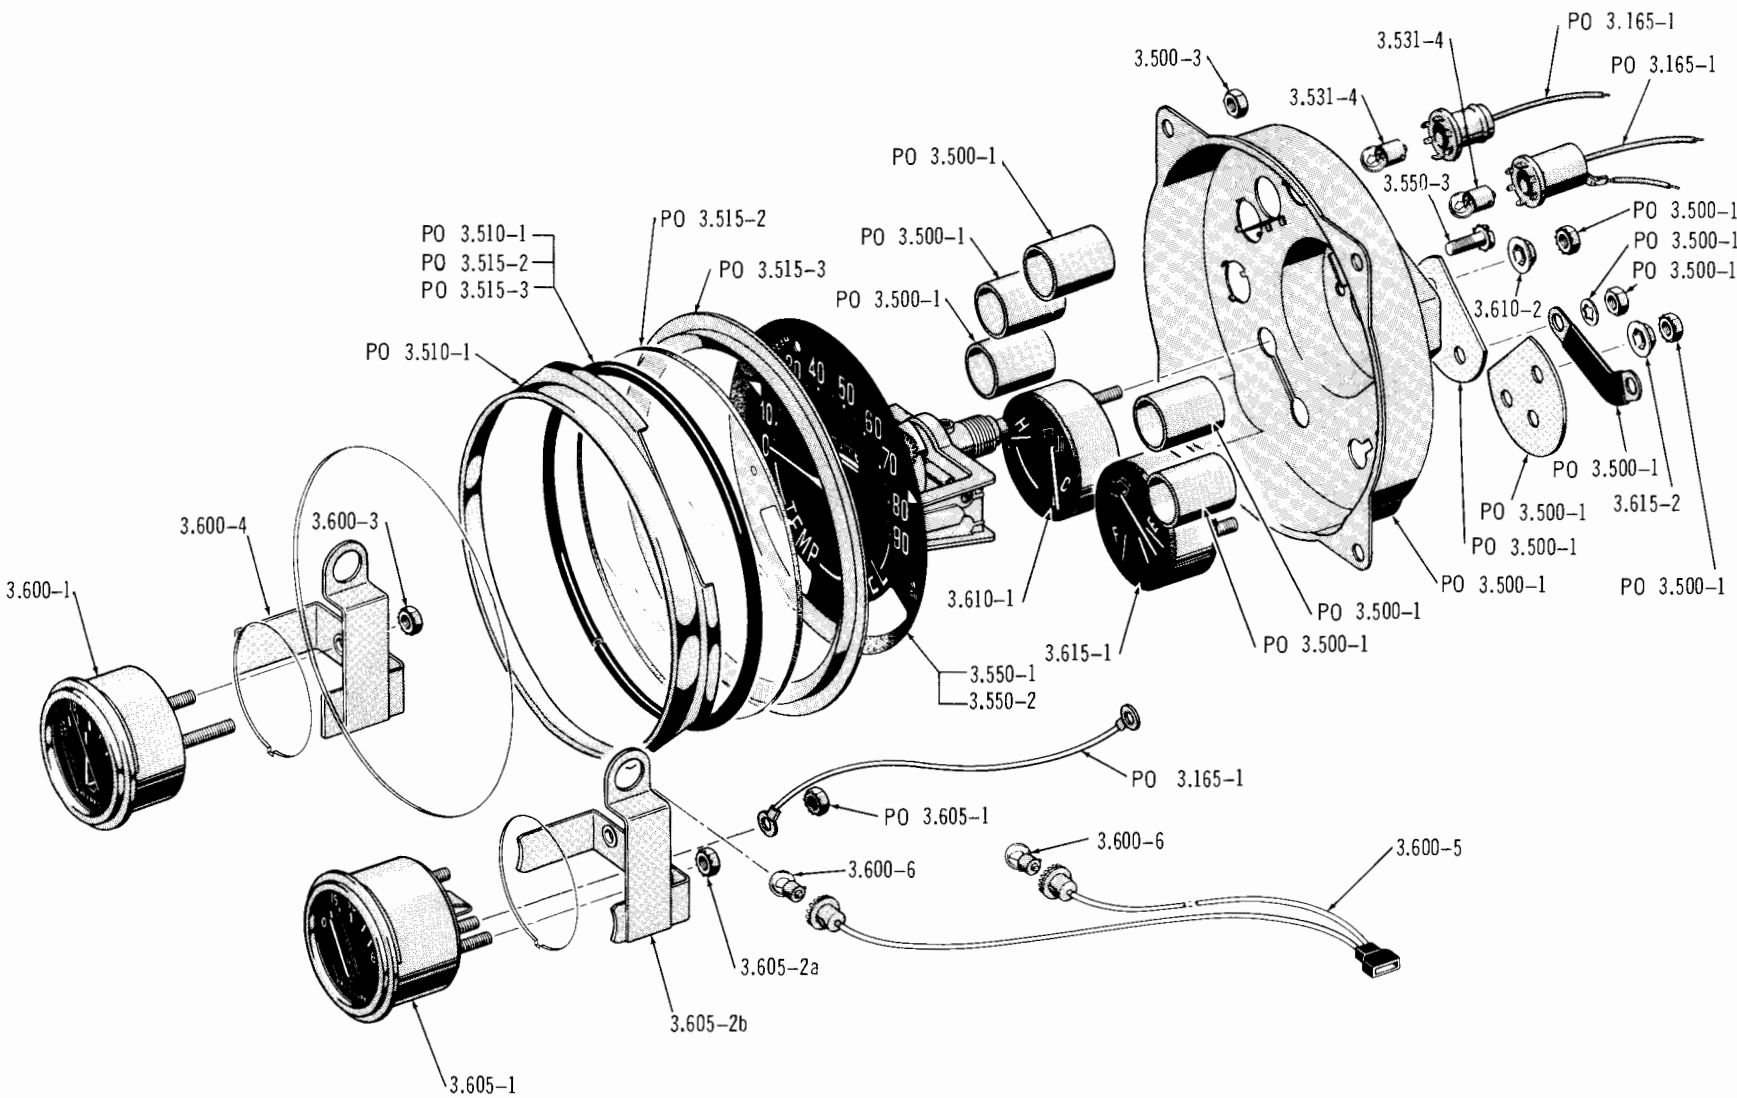

The diagram is a technical illustration used for identifying and assembling the various parts of the instrument cluster.
